DECLARATION UNDER 37 CFR 1.132

Commissioner for Patents
Alexandria, VA 22314-1450

I, Eyal Talor, do hereby declare and state as follows

1. I am a citizen of the United States of America.
2. I am the inventor of the invention disclosed and claimed in the above-identified application.
3. In 1987, I received a Ph.D. in Microbiology and Immunology from the University of Ottawa (Ontario, Canada) and completed a Post-Doctoral Fellowship at Johns Hopkins University in 1998 and have been involved in cellular immunity, autoimmunity, infectious disease and cancer research since the mid 1980's.

4. I am familiar with the claims as pending in the application and with the Final Office Action mailed on November 10, 2004.
5. The current formulation of Multikine® disclosed by the specification was not publicly available and or previously patented prior to the claimed invention.

CONCLUSION

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment or both, under Section 1001 of Title 18 of the United States Code, and that such willful false statements may jeopardize the validity of the application or any patent issuing thereon.
